

1 DELEGATE MOSER: It is not.

2 THE PRESIDENT: If not, then I think Delegate
3 Sybert's point has some force, and I would ask you, before
4 we resume consideration, to give some thought to perhaps
5 the amplification of the last clause.

6 I take it that what is intended by the clause
7 is that the county may withdraw any power granted by the
8 county and the General Assembly may withdraw any power
9 granted by the General Assembly or by the county. Is that
10 the intent?

11 DELEGATE MOSER: It is the intent, but not to do
12 it by this section. The General Assembly could do this by
13 public general law without that.

14 THE PRESIDENT: I only suggest that you give
15 consideration to the point mentioned by Delegate Sybert
16 before we come back to this Section. Delegate Clagett.

17 DELEGATE CLAGETT: Mr. Chairman, if a power is
18 granted by the county to a municipality, the General
19 Assembly can only withdraw such a power by withdrawing that
20 power from all municipalities.

21 THE PRESIDENT: I understood that.
